POWERFUL GENETICS

Airlie Merino Stud was founded in 1954, due to the retirement of previous owners Reg & Pam Power, Airlie has been relocated to Walcha and is being run by Murray & Michelle Power. The foundation bloodline was Egelabra with an emphasis on selecting soft, bright, well nourished wools in order to develop a sheep with lower microns than the parent stud & which was suited to the high summer rainfall environments of the Tablelands & New England Regions.

Airlie has been supplying rams to the New England & Slopes & Plains for 60 years. Our goal has always been to breed well balanced sheep that meet the requirements of both the wool & meat industry. Producing white, well defined, deeply crimped & highly nourished 18 -19.5 micron wools, on large framed, structurally correct, easy care sheep. Constitution, productivity & wool cut are our number one priorities. We strive to produce early maturing sheep which breed true to type and produce progeny with a low % of culls. We select using both measured and visual traits, most importantly the key profit drivers of wool cut, body weight and micron. Horns or polls the choice is yours.

Airlie topped 2015 GSSM sale at \$14,000, while 4 stud rams at Armidale housed sale averaged \$4250 The 2015 Uralla sale achieved 100% clearance selling to a top of \$4500 and averaging a healthy \$1800. In 2016 sale topper was \$7,000, we also exhibited the RAS merino pair of the year at Sydney Royal.
